PRINCIPAL'S MESSAGE

"I shall be fair, courageous, and progressive, always."

These simple words of uncommon wisdom by Harvey L. Lewis, Jr. have served us well during our school's first three years. For within this time the best effort of us all—students, teachers, and parents—has been required. There is a special pride in the students of this year's ninth grade class. Along with accomplishing the school requirements, they have had the full opportunity as individuals and as a group to make the progress that follows from good and worthwhile work. Our best wishes go with them.

TRIBUTE

These have been enjoyable years. We have grown in maturity as we have been a part of our school's growth. Our class has the distinction of being the first group to complete three years at Harvey Lewis Junior High School. We have had the opportunity to help in the establishing of our school's high standards and traditions. Much of what we have accomplished was done through the guidance and leadership of our counselor, Mr. McCommins. His willingness to listen to our many problems and his friendly advice have been greatly appreciated. The ninth grade class of 1962 sincerely thanks Mr. McCommins for his help in building our future.
